

LANE'S STORY

After moving to Columbus, I struggled to find a church to call home. My friend who serves at Faith Family Church mentioned that the Smuckers were planting a church in Columbus and that I should look into getting involved. After praying about it, I decided to attend an interest meeting. It was while I was serving at a church camp back home that I confidently decided Ethos was the place I needed to be. I reached out to Jordan and told him I was in.

The relationships I've made within Ethos have significantly impacted my life. I've never connected with people so quickly. When you have friends who genuinely care about you and want to do life with you, you can't help but feel valued.

MO, LANE, AARON, MAEY

As a servant leader, I've grown personally and creatively. I love getting the opportunity to serve on our production team and collaborate with other servant leaders during the week. I really appreciate the intentionality of our leaders at Ethos, too. I've learned a lot through simply talking with Jordan over lunch.

God has been doing so much in my life. I look back at this time last year and I was in a completely different place. I was dealing with so much stress and anxiety and I felt that I didn't have anyone I could talk to. But over time, after being a part of the team and building friendships, I have felt so much peace and joy. I'm so grateful that God planted me at Ethos.

I'm convinced that being a part of a kind, fun, and intentional community who is passionate about Jesus and committed to people will change your life – it has completely changed mine!
