

# CHRISTINA & NOLAN'S STORY

After 5 to 6 years of visiting many churches in our area and looking for a church home, Ethos was recommended by a dear and trusted friend. My family and I started watching Ethos online during the pandemic, and Pastor Jordan's messages were hitting home every week. His calm and patient approach resonated with me. Ethos' mission of love, care, and concern for the entire community was admirable. And Ethos' support for all the local churches was very enlightening. I was intrigued and began to wonder, "how in the world do I know if Ethos is right for me?" I am only able to watch online. I haven't met anyone face to face. I've been searching for so long. Is there any chance this is the right fit?

Then an Ethos YTH invitation for my son came through email. Ethos YTH was hosting a summer camp experience, and I knew immediately I had to have my middle school son, Nolan, try this camp. He went every Tuesday evening last summer and literally was beyond excited at the end of every evening. He was jazzed about the community, energized by the activities, and on fire for this camp. The leaders were excited, kind, and compassionate and treated Nolan like family.

As a mom, this outcome tugged at my heartstrings. It was the greatest feeling in the world to see my son connect in such a deep and meaningful way. This experience solidified for me that we have indeed found our church home. Ethos is a fun and exciting place with beautiful people who genuinely and authentically want to connect with you and your family! We are looking forward to YTH camp this summer and are excited to be part of the Ethos family!
